EDUCATION

Course	College/University	Year	CGPA / %
B.Tech in Computer Engineering	Sinhgad Academy of Engineering	2020-24	8.63
H.S.C. (12th)	St. Vincent's Junior College	2020	73.38
S.S.C. (10th)	St. Patrick's High School	2018	89.80

WORK EXPERIENCE

STORYLINEZ | SOFTWARE **E**NGINEER **(F**RONTEND**)**   [Remote] United States | Jan 2025 - Apr 2025

- Developed a performant AI Video Ad Production platform using **ReactJS**, **Tailwind CSS** and **Shadcn** contributing to onboarding **20–25 clients**.
- Implemented **Redux** with **Redux Persist** for state management and session persistence.
- Integrated **Clerk** for social authentication, reducing user onboarding time by **30%**.
- Collaborated with backend and AI/ML teams, accelerating feature delivery by **40%**.
- Deployed production builds via **AWS S3**, ensuring scalability and uptime.
- Boosted performance by **50%** through image optimization, lazy loading, and debouncing.

NEWOWL AI | FRONTEND **D**EVELOPER   [Remote] United States | July 2024 - Nov 2024

- Crafted complex user interfaces using **ReactJS**, **CSS**, **Material UI**, and **Recharts**, with a strong focus on design consistency, responsiveness, and seamless user experience.
- Collaborated with cross-functional teams to translate **Figma** designs into pixel-perfect **ReactJS** code, authoring over **50** reusable components and pages.
- Integrated **RESTful APIs** for AI-driven features, implemented **React Tanstack Query** to enhance data fetching efficiency and application performance, and used **Postman** for testing and validating API endpoints.
- Utilized **Git** for version control, and led a team of 5 developers to manage codebase changes and ensure smooth project workflow.

SYNC INTERN'S | SDE INTERN   Remote | Mar 2023 - Apr 2023

- Developed and deployed a responsive tourism website for **Guido (https://guido.co.in)**, a Mumbai-based travel company, enhancing user experience for both local and international travelers.
- Integrated an **AI chatbot** to guide users, boosting engagement and support efficiency.
- Managed end-to-end deployment on **GoDaddy**, including domain setup, hosting, and SSL configuration.

PROJECTS

REGEN ITEK ⬈   N**EXT**.**JS**, T**YPESCRIPT**, T**AILWIND** CSS, F**RAMER** M**OTION**

- **Freelanced** the development of a modern, responsive website using **Next.js**, **Typescript** and **Tailwind CSS**, tailored for a staffing and recruitment firm client.
- Implemented smooth UI transitions and animations using **Framer Motion** for an engaging user experience.
- Integrated **Calendly** to enable seamless scheduling of meetings directly from the website and **Resend** for handling email services.

SNAPPY CHAT APPLICATION ⬈   R**EACT**JS, M**ONGO**DB, E**XPRESS**JS, N**ODE**JS, S**OCKET**.**IO**

- Snappy is a real-time chat application developed and styled using **ReactJS** and **styled-components** library.
- Utilized **NodeJS** and **ExpressJS** to build a seamless server-side architecture for effective client-side communication.
- Implemented **socket** communication for real-time messaging and updates. Employed **MongoDB** for efficient storage and retrieval of chat messages.

ADMIN DASHBOARD ⤢   REACTJS, ZUSTAND, CSS, REACT ECHARTS, MATERIAL UI

- Built a **ReactJS** admin dashboard with four core pages: dashboard, interactive calendar, kanban board, and user table.
- Utilized **Zustand** for state management and **React ECharts** for custom, dynamic data visualizations and analytics.
- Integrated **FullCalendar.io** and a **Kanban Board** for seamless scheduling, event updates, and task management.

YOUTUBE CLONE AND GOOGLE CLONE ⤢   REACTJS, TAILWIND CSS, CONTEXT API

- Developed responsive YouTube and Google clones using **ReactJS** and **Tailwind CSS**, replicating core functionalities and UI with great attention to detail.
- Leveraged **YouTube API** and **Google API** to fetch and display real-time data.

SOCIAL MEDIA BLOCKER EXTENSION ⤢   MANIFEST V3, JAVASCRIPT, CSS

- Extension is developed using **Manifest V3**, which ensures enhanced security and optimal performance.
- The extension empowers users with a solution to minimize distractions and boost productivity through effective blocking of social media platforms.

SKILLS

Languages: C, C++, SQL, Java

Web Development: HTML, CSS, JavaScript, ReactJS, Material-UI, SASS, Tailwind CSS, Redux, Next.js, NodeJS, Typescript

Tools: Git, GitHub, Postman, Visual Studio Code, ClickUp
